International Year One in Business Management

Unlock Your Business Aspirations with NCUK's International Year One in Business Management.

Are you looking for the perfect academic pathway to kickstart your journey towards a degree in Business Management? The NCUK International Year One in Business Management is a specialised programme designed for students aiming to pursue a career in business and offers the opportunity to complete the first year of an undergraduate degree at an NCUK Study Centre, either locally or in the UK, and seamlessly transition into the second year of a university degree.

How does it work?

The International Year One in Business Management consists of 1200 hours of study in total (600 guided learning hours, 600 independent study).

You will study a diverse set of **8 compulsory modules** including:

**Business
Economics**

**Business
Skills**

**Organisational
Behaviour**

**Financial
Accounting**

**Management Themes
& Case Studies**

Marketing

**Management
Accounting**

**Quantitative Methods
for Business**

Whilst studying the International Year One in Business Management, you can also take our English for Academic Purposes (EAP) module, which provides essential language preparation for university study. NCUK's EAP is equivalent to IELTS and is acceptable for visa requirements. The assessment breakdown is generally 25% coursework and 75% exam.

Where can I progress to?

By completing the International Year in Business Management you will be able to progress to one of a range of **20+ NCUK University Partners** across the UK, Australia and New Zealand where you will have several degree courses to choose from, including popular options such as Business Management, International Business, Marketing and more!

Entry Requirements

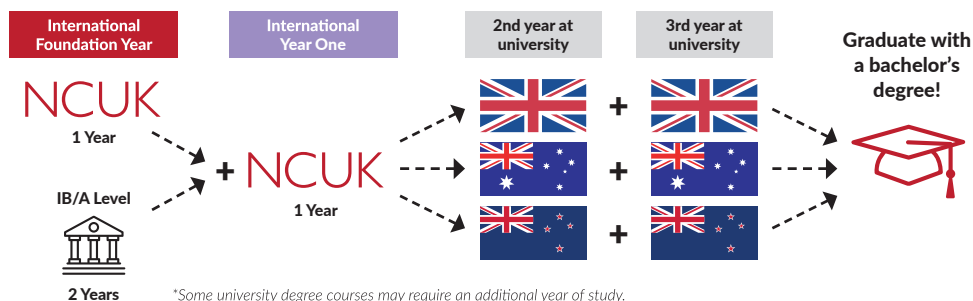

- One of:**
- 48 points with 2 x D grades (NCUK International Foundation Year)
 - 2 x D grades at A level
 - Scored 24 points or more on the International Baccalaureate
 - A GPA 2.0 first-year pass from a US degree

And: - IELTS 5.5 or equivalent

**Full list of entry requirements can be found on NCUK's website.*

89%*

of International Year One students achieve a **First or Upper Second-Class** degree

**Some university degree courses may require an additional year of study.*

KEY BENEFITS

- ✓ Study the 1st year of your bachelor's degree **locally** and save money on tuition and living fees compared to studying abroad.
- ✓ More **1-2-1 teacher support** with smaller classroom sizes compared to university lecture halls at leading universities in the UK, Australia and New Zealand.
- ✓ **Progress to world-class universities** including QS World Top 100 and 200 universities.
- ✓ Choice of **20+ universities** across Australia, UK, or New Zealand.
- ✓ **Keep your options open** – you don't need to make your decision on which university until you are studying on the programme.
- ✓ **Graduate with a full bachelor's degree** from an international university.

**Recent data from internal reports at NCUK, as well as data provided by some of NCUK's UK university partners, show degree classification of students once they graduated from their follow-on university programmes.*

Take the first step towards a thriving career in business by delving into the **NCUK International Year One in Business Management**.
